LARGEST CITY CIRCULATION.  
**THE CITY.**  
MEMPHIS:  
Tuesday Evening, May 15th, 1896

**OUR PUBLIC DIRECTORY.**—Strangers visiting the city in quest of any of the necessities or luxuries of life, will find the names of all the first-class business houses in the city, together with a large amount of other important information in our "PUBLIC DIRECTORY" column on the first page of the PUBLIC LEDGER.

**NOTICE.**—We earnestly request our friends not to pay more than five cents a copy for the PUBLIC LEDGER. We sell to the newsboys at two cents a copy, thus allowing them over a hundred per cent. profit on every paper.

**PITTSBURG COAL.**—Brown & Jones, of 247 Second street. Branch office, 374 Main street—R. C. Hite, agent.

**THINGS THEATRICAL.**—Our theatre closes its season next Saturday. It has been one of the most successful, which reflects much credit on the management of Mr. Thompson, who has left no stone unturned to make the theatre well worthy of an important city like Memphis.

Last evening Mr. Carden, the leading man, took a benefit, and the house was crowded, a testimony of his merits, of which he is well worthy. He is, without a doubt, one of the most able leading men in the country.

Last night Mr. H. Corri, the treasurer of Ben DeBar's Opera House, at St. Louis, took a benefit. Mr. Corri has occupied his present position for nearly ten years, and we suppose had a large house. T. L. Conner, of Little Rock notoriety, is now playing at the Varieties, St. Louis, where they are running *Rosina Meadows*.

The Mobile Theatre closed on Saturday evening last. The Hogan children being the last attraction.

We understand that Mr. and Mrs. Hicks commence a star engagement at Little Rock next week. The people of Little Rock are good judges of acting, and are as intelligent as those of any city in America.

The Nashville Theatre is closed—at least we judge so, because we do not see it advertised in the two best papers there, the *Gazette* and *Banner*.

The theatre at Poria is also closed, and we suppose will remain so some time to come, unless some man turns up who desires to lose money.

Charlotte Cushman is giving gay parties and balls in Rome.

Patti's brother is going to give concerts this season in London.

Miss Laura Harris, whose performance in Madrid has been suspended, owing to the death of her mother, has added "Martha" to her former successes, in *Linda and Arina*.

Mr. Sothen's friends are, at present, engaged in raising a subscription to defray the expenses to which he has been put in carrying on the recent law suits.

On the 14th of April the dancer, Marie Taglioni, took her farewell benefit at Berlin. She is about to be married to Prince Windischgratz.

Morensi, the American *contralto*, who made her debut in London, in *Travels*, is thus mentioned by "The Queen": "The new *contralto*, Mlle Morensi, gave a forcible sketch of the gipsy mother, 'Arzencia,' her acting seemed to satisfy the public more than her singing, which is forced and screaming in the upper range of notes, but which is not without sympathetic quality in the lower ones."

Jael, the pianist, has been presented with a pin, set in diamonds, by the King of Italy, and bearing the royal cipher, as a proof of the pleasure his majesty derived from the composition dedicated to him "Auszard dell'Arno."

**BANKERS AND BROKERS.**—Bankers and brokers have become great institutions in our day of commercial advantages. We believe the first bank was a Venetian institution, and started to promote the commercial affairs of that place, which at that time surpassed any city in the world. We are reminded of these facts by the advantages offered by our own banking houses, among the best of which are Messrs. Ogden, Tobey & Co., No. 16 Jefferson street. They receive deposits, buy and sell gold, silver, exchange and

current money. Ed. Kirk, Esq., one of the oldest and most popular of our citizens, is the business manager, and our people can be assured that any business entrusted to the hands of Messrs. Ogden, Tobey & Co., will receive that strict attention which men of sterling business qualifications always give to matters entrusted to their care. We have always looked on banks as great public benefactors, when conducted properly, and must surely say that the house of Messrs. Ogden, Tobey & Co., is conducted on the very best principles, and is worthy the patronage of all.

**A KNOB OF ARISTOCRACY.**—Yesterday a little dirty, ragged boy entered a jewelry store and asked to see some rings. The jeweler showed him some gold ones, but the boy said those were not what he wanted. Others were shown him, but none appeared to suit his fastidious taste. The jeweler then asked him what kind he wanted. "I want a perchy ring," said he. He then made a selection of a gutta percha ring and put it on one of the fingers of a most awful filthy looking hand. We noticed that he had four others of the same sort on his fingers, and asked him what he wanted with so many rings. Said he, "I guess a feller likes to look nice, don't he," and strutted out of the store. The idea of such a dirty, ragged little chap, with such aristocratic notions, was really laughable, and we improved the occasion by enjoying a hearty loud smile at his expense.

**PENITENTIARY BIRDS.**—Officer Winters started this morning for Nashville, having in charge six convicts for the penitentiary, three of whom are negroes. The three whites are Wm. Bently, convicted of stealing horses from Cogswell's stable, sentenced for twelve years; W. T. Lemmons and M. W. B. Cotton, convicted of stealing horses from Jere Brown, Esq., sentenced for ten years each. The three negroes, Dan. Mullins, convicted of grand larceny, sentenced for five years; Jno. Bonner, convicted of burglary, sentenced for three years, and Joe Harrison, convicted of stealing, sentenced for five years. These boarders will be quite an addition to the State boarding house at the capital city, and it is hoped they will come out better men and fully able to earn a living by having learned an honest trade in the penitentiary.

**A WORD TO CONVALESCENTS.**—Especially care should be given to the diet, take light food and but little at a time. Great care should be taken not to take anything indigestible into the stomach. Many persons when recovering from fevers have craving appetites, and not unfrequently, through the over attentions of the nurse, mix together in the stomach the most incongruous articles of food; others, again, recovering from disease, have no appetite at all, and need some gentle tonic and stimulant to assist the internal organs of the body to perform their regular functions. To such we say, procure *Roback's Stomach Bitters*, commence with a small quantity in sugar and water, and as the strength returns, increase the dose, and continue them until all symptoms of debility have disappeared.

**SAVE YOUR MONEY.**—You can save a large share of your money by having your job printing executed at the PUBLIC LEDGER OFFICE. We make a specialty of this part of our business, and having the most complete establishment in the Southwest, our facilities for doing the best work at lowest rates are unsurpassed by any house in this section. We employ the best of workmen, have all the latest and newest styles of type and presses, and give entire satisfaction to all our patrons. Bring in your favors to 13 Madison street.

**INVINCIBLE CLUB, SEVENTH WARD.** All members, friends and supporters of President Johnson's policy, are urgently requested to attend a regular meeting of the above Club, at the Engine-house, on Desoto street, this evening, at 8 o'clock. Colonel Anderson, of Missouri, and other distinguished speakers have been invited to address the meeting. Let there be a general turn-out of all members and those who wish to sustain the President.  
L. COLLINS, President.  
T. O. SMITH, Secretary.

**CIRCULATIONS.**—A morning paper keeps the following lines, in large letters, at the head of its editorial columns: "Largest circulation of any paper in West Tennessee. Largest city circulation." The city circulation of the PUBLIC LEDGER is greater than that of any other paper published in Memphis, a fact which the editor of the paper alluded to is perfectly aware of. Comment is not necessary.

**MEMPHIS THE COUNTY SEAT.**—The bill changing the county seat from Raleigh to Memphis, has passed the lower house of the State Legislature, and there can be but little doubt that the Senate will pass it also, and that in a short time. Our people should be alive to this important change, which should have been done long before, and build a courthouse that will be fully worthy of the importance of our city.

**THE STRAWBERRY FESTIVAL.**—Our readers should not forget the strawberry festival, which commences this evening, in the new framed house on Court street, opposite the Presbyterian Church. It is given for a most praiseworthy object and should be attended by all. The funds raised from it are to be given towards building a new Baptist church on Second street, between Gayoso and Beal.

**FOUND DEAD.**—The body of a negro was found, yesterday, in a vacant negro cabin on Causey street, near South. Coroner Erickson held an inquest, and the verdict was, "Came to his death from causes unknown."  
ap19-3m

**AN OLD CITIZEN GONE.**—The many friends and acquaintances of the late Capt. Wm. H. Slover, ex-Commissionary of

Subsistence in the late Confederate army, will be sorry to learn of his demise, which occurred at his residence yesterday, of dysentery.

**PROTRACTED MEETING.**—We are advised that the series of meetings being conducted by the First Baptist Church will continue, morning and evening, during the week, but that the hours of service will be arranged with the special object of aiding the sister Central Baptist Church in the furtherance of its enterprise for raising means to build its church edifice. To that end, the service will commence as nearly at 8 o'clock as possible, and continue an hour.

**THE WEATHER.**—The weather at present is such as to please even the most fastidious. The sun shines just warm enough to make it pleasant. The dust is not troublesome just now, and is not to be seen anywhere. There is just enough breeze to make nights what they ought to be for pleasant sleep. Long may the present weather continue.

**STRAIGHT TO THE ZENITH OF THE firmament of Fashion.**—even as a star might go up from the horizon to the meridian—Phalon's "Night-Blooming Cereus" has ascended in three short years leaving behind it all the lesser lights, foreign and domestic, and establishing its pre-eminence over all the perumes of the day.

**THE GRAND OCCASION.**—The tournament, coming off on the 23d inst., should be visited by every person who can get there, as it promises to be the greatest affair of the kind ever gotten up in this country, and when given for such a worthy object, should receive the hearty support of every one.

**CHINA STORE.**—Messrs. Voorheis & Patrick, No. 178 Main street, have one of the largest and most choice stocks of China ware of every description to be found in the West. They sell everything at such reasonable prices that it is well worth the purchasers time to call around and examine their stock.

**FIGHTING.**—A negro on Second street, near Washington, yesterday, after insulting a white man, ran from that individual, when he picked up a brick-bat for his use, and only turned around once to say: "Don't you from that brick, white man, or I'll tell de Bureau on you!"

**ATTEMPTED ROBBERY.**—Lieut. Dowling, of the police, arrested John McNully last night for an attempt at robbery. McNully was lodged in jail, where he will have some time for reflection on his conduct.

**BRICK BED.**—James Corcoran took a fancy to the side-walk yesterday and laid down on it. Just as he was singing a quiet solo through the nose, a policeman, who has no soul for music, took him to the station-house.

**KITCHEN FURNITURE.**—For the best and cheapest articles of kitchen furniture, tin, iron and copper wares, oils and lamps, go to Messrs. Blood & Co., 361 Main and 40 and 404 Monroe streets.

**Boats Leaving To-Day.**  
Fon. Cairo and St. Louis.—The famous City of Cairo, in charge of that gallant and popular commander, Robt. K. Ryley, will leave the favorite Capt. W. H. Block in the office, leaves as above at 5 o'clock this evening. She is the famous boat of the St. Louis line, and can beat the world for speed, safety and comfort.  
FOR LOUISVILLE.—The high-headed Morning Star, in charge of Captain Ike Dollis, with the popular Frank Bank-smith in the office, leaves as above at 5 o'clock this evening. She is a good, fast and safe boat to travel on.  
FOR WHITE RIVER.—The superb Commercial leaves for White river and all way points at 5 o'clock this evening. She is in charge of the popular Captain Ashford, with the favorites, John Sullivan and Charles Smithers, in the office. Her pilot, Messrs. J. S. Kingsman and Green Snow, are experienced officers; and her engineers, Blue McCabe and Pat Hughes, are not to be surpassed; while James Rice, the mate, has an eye to business; her steward, Mr. Coury, is not to be beat by anybody. She has the best set of officers afloat, and offers every accommodation to shippers and passengers.

**FOR LITTLE ROCK.**—The splendid steamer Minnie is off for Little Rock at 5 o'clock this evening. Mike Clark, one of the oldest acquaintances of the Arkansas river, will be found on board as master of the good things, and he is known to every person as one of the cleverest of gentlemen.

**Miscellaneous.**  
At St. Louis the Mississippi is about stationary. The Missouri has risen one foot at St. Joseph, but by later news was again falling. The Republican says of the fire on last Sunday evening at Carondelet, that the Schuyler was not destroyed as reported, and is but slightly damaged; her crew having, by almost superhuman efforts, succeeded in getting her off the ways in time to prevent her destruction. And again, the fire did not originate in the engine-room of the Jennie Deans, but commenced in the boiler shed of the marine railway, from whence it spread to the Deans. In our local column will be found the full particulars.

The Cairo Item has lost \$16 by the mob line, and whines over it "muchly." We have in consideration the idea of raising the said money by subscription from the clerks of the "mobiles," and refund it to the Item. Hear what he says:

**LITTLE TRICK BY A BIG COMPANY.** The tubular-boilered monopolists—the Company that blows up more boats, and murders more people than any other soulless monopoly that ever existed—the Atlantic & Mississippi Steamship Company—has swindled honestly earned dollars out of sixteen honest men, the poor Company, that boasts of millions of capital, is heartily chuckling over this smart sixteen dollar swindle. We congratulate the highway of death upon being so smart. We presume they can now blow up another boat and kill five or six hundred people. Why not? They have robbed a poor printer of sixteen dollars, and can't they afford it? The agent of the tubular-boilered monopoly put an advertisement in the Item, and in the big-souled proprietors of the tubulars found out they were \$16 behind with us, we were cute enough to order the advertisement out and then magnanimously refuse to pay the \$16 to the printer. A company that can swindle the waters from St. Louis and Louisville to New Orleans with the mangled, scorched and horrid fragments of dead people who had entrusted their lives to this tubular-boilered swindle, can well afford to chuckle over a *typical robbery of sixteen dollars*. Death-dealing A. & M. S. S. Co., you are welcome to that sixteen dollars of ours that you have wadded away. Take it, and proceed with your regular daily and weekly murders. Blow up our people by the thousand and ten thousand. They deserve it, and more too, for ever putting their feet upon a boat that is owned, run and blowed to smithereens by such a soulless set of infernal scoundrels.

**STEAMBOAT PRINTING.**—We respectfully ask our steamboat friends to call and examine the specimens of fine steamboat printing daily executed at the PUBLIC LEDGER OFFICE. Our prices will be found to compare favorably with those of Cincinnati or St. Louis, and to be greatly below those asked by other city offices. Bring your orders directly to us, and save the commission charged by parties who take in work they are not prepared to execute.

**Monetary and Commercial**  
**Money Market.**  
Exchange is rising at par, and selling at 1/2 premium. Time bills are freely taken at the following quotations: Thirty day bills, 1/2 per cent. discount; fifteen day bills, 3/4 per cent. discount; 10 day bills, 1/2 per cent. discount. Gold is decidedly on the wane.  
The Banks buy gold to-day reluctantly, at 25, and no demand of consequence. They ship to New York. Silver is buying, 20 selling. Interest bearing notes improve as the interest accedes. Dates of June, 1894, command 100; of July, 1894, 105; of August, 1894, 100; of October, 1894, 105; of December, 1894, 100; of May, 1895, 105 per cent.  
City Scrips and Coupons, 95 to 96.  
Mississippi Cotton Notes, 25.  
There is a continued demand for Union Bank notes at 75 buying, and 80 selling.  
Planters Bank notes are bought at 60 and sold at 62.  
Bank of Tennessee notes are dull and heavy, with no demand, though it is now conceded that it is a speculative signature, will be acknowledged in liquidating paper to May 1895.
